**When I think about what we talked about in class, I would say effectiveness of the practicing I did on my own today resulted in:**

- a lot of wasted time
- a pretty good use of time, but some time was wasted
- a good use of my time

**Please explain why you chose the option you did in the question above. Describe how (a) the size of the goals you chose and (b) the strategies you used contributed to how you felt you were (or were not) able to use your time.**
