Table of Contents

About the RIML Series *ix*
Preface *xi*

Chapter One: Introduction and Framework
Introduction 1
What is effective practice? 1
Self-Regulated Learning 4
Developmental stages leading to self-regulation 5
Observation 5
Emulation 6
Self-control 6
Self-regulation 6
A cyclical process of learning 9
Forethought 9
Performance 10
Self-reflection 10
Observational Learning 11
Attention 12
Retention 12
Initiation/Motor reproduction 12
Motivation 13
Model types 13
Observational Learning & Self-Regulated Learning 13
Research on Musicians' Practice 14
How novice, intermediate, and advanced instrumental learners approach their practice 15
Research indicating potentially effective practice methods 16
Summary 18
Reflection on Chapter One 19

Chapter Two: Pedagogical Foundations
Practice Pedagogy 21
Guided skill refinement 21
Observational and self-regulated learning processes for novice, intermediate, and advanced learners 22

Novice learners 22
Intermediate learners 23
Advanced learners 25
Practice Pedagogy in Action 27
Novice learners—practice pedagogy in action 1 30
Novice learners—practice pedagogy in action 2 31
Intermediate learners—practice pedagogy in action 1 33
Intermediate learners—practice pedagogy in action 2 34
Advanced learners—practice pedagogy in action 1 36
Advanced learners—practice pedagogy in action 2 38
Motivation 40
Reflection on Chapter Two 44

Chapter Three: Curricular Implementation
Practice Instruction Unit Plans and Timelines 45
Practice instruction timeline for novice learners 46
Practice instruction timeline for intermediate learners 48
Practice instruction timeline for advanced learners 50
The Importance of Assessing Practice 52
Assessment and Motivation for Practice 53
Assessment and Developing Specific Self-Regulatory Competencies 54
Forethought 55
Performance 56
Self-reflection 58
Practice Assignments 59
Sample Practice Assignments 61
Practice assignment categories according to frequency 61
Practice assignment components 62
Peer Assessment Strategies 68
Technologically Mediated Instructional Tools 70
Reflection on Chapter Three 80

Conclusion 81
References 85
About the Authors 89
Index 91

Figures and Tables

Full-sized renderings of Figures and Tables are available at www.Conway-Publications.com/Resources

Figure 1.1 The Developmental Stages Leading to Self-Regulation

Figure 1.2 Cyclical Phases of Self-Regulated Learning

Figure 2.1 The Developmental Stages Leading to Self-Regulation

Table 2.1 Music Practice Expectations for Novice Learners

Table 2.2 Music Practice Expectations for Intermediate Learners

Table 2.3 Music Practice Expectations for Advanced Learners

Table 2.4 Selected Practice Strategies & Definitions

Figure 3.1 Teacher and Student Practice Instruction Roles Over Time

Figure 3.2 Sample Timeline: Practice Instruction Unit for Novice Learners

Figure 3.3 Sample Timeline: Practice Instruction Unit for Intermediate Learners

Figure 3.4 Sample Timeline: Practice Instruction Unit for Advanced Learners

Figure 3.5 Sample Practice Assignments for Novice Learners

Figure 3.6 Sample Practice Assignments for Intermediate Learners

Figure 3.7 Sample Practice Assignments for Advanced Learners

Figure 3.8 Screenshot of a Course Management System Wiki Page with Instructions That Accompany an Embedded Instructional Video—for Advanced Learners

Figure 3.9 Screenshot of Quiz Item that Could be Delivered via a Course Management System—for Novice Learners

Figure 3.10 Screenshot of Google Form Item Types that Could be used to Gather Students' Reports of Practice—for Intermediate Learners

Figure 3.11 Screenshot of a Collaborative Google Sheet that Students Could Contribute to in Real-Time (with sample student notes)—for Intermediate or Advanced Learners

Figure 3.12 Screenshot of a Sample Digital Practice Assignment Form Designed According to a Diary Approach—for Advanced Learners
